To The Bahia Sail Racing Association,

Thank you very much for your generous support of my C420 sailing endeavors over the summer.

This summer, I participated in the CJ Buckley team race championship, the South Shore championship, New England championship, and the North American Championship.

My best finishing result was at the C420 South Shore Championship, where I took 2nd place. Additionally, I took 4th place in the Triple Crown Championship, the scoring of which is determined by a sailor's aggregate score over the course of 6 high-level sailing events in the C420 class.

I look forward to sailing in more challenging events this year, polishing my skills before I head to college. Again, thank you so much for your kindness and support!

-Damien Bocan, BCYC sailor
